GRANDPARENTS: COUSIN CAMP!!

HOME ASSIGNMENT

SUMMARY OF TODAY'S VIDEO

Only four (4) at a time. Forty-eight (48) hours. Fun, fun, fun! Lance and MaryLou Chima describe how they set the rules, plan the agenda, and pull off a memorable annual event their grandchildren (and they) love called "Cousin Camp!"

Steve shares his startling discovery about the powerful impact grandparents have on their grandchildren. He has seen that it may be the MOST impacting relationship anyone will have on a child's decisions for or against faith in God!

THIS WEEK

If you're a grandparent, prayerfully brainstorm about ways to create a memorable event for your grandchildren. Even if they are in their teens, be creative. It can be 1 day long, or just enjoying a cold/hot drink with them and sharing stories from your past or asking about their life. Time is slipping by....begin making an earnest plan to engage your grandchildren in a special event of your creation!
