[ACTS OF THE APOSTLES]

Acts 9a *"Road to Damascus"*

Discussion Questions:

1. What is the traditional way people become believers? How did you become a believer?
2. Saul had a mean streak. While he was “advancing in Judaism and the Traditions of the Fathers”, likely to end up as a great sage with a seat on the Sanhedrin, his hatred of Jewish believers in Yeshua clouded his vision. What about the way he came to believe in Yeshua is related to his character and temperament?
3. Read Gal. 1:11-24. What does this tell you about the unique way in which Paul came to believe in Yeshua?
4. The message of the Gospel that Paul would eventually proclaim, wasn’t exactly the same message of the Gospel that the rest of the apostolic community proclaimed. How was it different?
